

MANATEE WORKS BARCODE SCANNER SDK LICENSE AGREEMENT

LAST UPDATED: August 21, 2015

READ THE TERMS OF THIS SOFTWARE LICENSE AGREEMENT (HEREINAFTER THE "AGREEMENT") CAREFULLY. BY DOWNLOADING, INSTALLING, IMPLEMENTING OR USING THIS SOFTWARE, YOU AGREE TO THE TERMS AND CONDITIONS OF THIS AGREEMENT. YOU AGREE THAT THIS AGREEMENT IS AN ENFORCEABLE WRITTEN AGREEMENT NEGOTIATED AND SIGNED BY YOU AND COGNEX CORPORATION (HEREINAFTER "COGNEX"). IF YOU DO NOT AGREE TO ALL OF THE TERMS, PROMPTLY RETURN THE UNUSED SOFTWARE WITHIN FIVE (5) BUSINESS DAYS AFTER RECEIPT TO YOUR PLACE OF PURCHASE FOR A REFUND AND DO NOT DOWNLOAD, INSTALL OR USE THE SOFTWARE.

NOW, THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH HEREIN, YOU AND COGNEX HEREBY AGREE AS FOLLOWS:

DEFINITIONS:

- (a) "You" means the individual using, implementing, downloading, or installing the underlying Software. In the event You are using, implementing, downloading, or installing the underlying Software on behalf of an Organization, all liability for a breach of this agreement shall be the responsibility of said Organization.
- (b) "Licensee" means You together with any Organization You may be representing, or any related agent, employee, or representative of You that has downloaded, used, installed, or implemented the software package on Your behalf.
- (c) "Licensee Application" means the software application (including all updates, upgrades, enhancements, modifications, revisions, new versions and bug fixes) that Licensee develops, owns or operates to interact with the Software that adds value to the Software and does not compete in any manner with the Software or any other product or service of Cognex.
- (d) "Authentication Files" means all files, algorithms, protocols and keys downloaded from the Cognex website or from any third party Website where Cognex or any of its employees or associates hold user accounts for the purposes of user and program authentication.
- (e) "SDK" or "Software Development Kit" means the Software and all other tools and information provided by Cognex to Licensee under the name "Cognex."
- (f) "Software" means the components of the SDK that are identified in the SDK as distributable.
- (g) "Developer" shall mean an individual who has a primary job function of developing software applications.
- (h) "Server" shall mean a computer system that multiple users access or make use of, including but not limited to, terminal servers, file servers, application servers or web servers.

- (i) "Effective Users" shall mean the number of users that are effective for software licensing, which is determined by the following method that returns the greatest number:
- (1) The number of users that have access to the Software,
 - (2) The number of computers on which the Software is installed,
 - (3) The number of printers that are being printed to with the Software, or
 - (4) Where the Software is used on a Server or run from a Server, the number of users per week that have access to the Software on the Server, or
 - (5) The number of users per week that have access to programs making use of the Software on the server.
- (j) "Organization" shall mean a single company, business unit, entity or individual. In this Agreement, each subsidiary of a company or business unit with a separate Tax Identification Number is considered a separate Organization.
- (k) "User" shall mean a single person that is making use of the Software.

TERMS:

1. License Grant

In consideration for the applicable license fee timely paid, compliance with the terms and conditions of this Agreement, and other good and valuable consideration, Cognex grants to Licensee only, unless otherwise limited by the license purchased or granted, the limited, nonexclusive, nontransferable, perpetual, world-wide right to use, copy and integrate the Software solely to develop the Licensee Application, in accordance with this Agreement and the license defined herein that Licensee purchases ("License"). Licensee may not sublicense the foregoing License rights to any third party. If You are installing, accessing or using this Software for Your employer, this Agreement also includes Your employer. Licensee may only use the Software according to the terms of this Agreement. Cognex offers several license packages to meet the needs of different Organizations and implementations. Particular license packages are offered depending on the intended use of the Software. Cognex offers some Licenses that are granted to Licensee by this Agreement and not purchased; these include the Optional Integration License, Evaluation License, Free License and the Beta License. Upon acceptance of this Agreement, Licensee will pay to Cognex the applicable listed amounts for the license package Licensee has specified in writing. The following is a brief description of the license packages covered by this Agreement:

A. Developer Licenses

Developer License packages offer royalty free use of the Software internally (within the same Organization) and, except as noted below, externally (outside the Organization bundled with an application developed by the Licensee, and subject to the terms of this Agreement) according to the "Developer License Distribution Terms" set forth below. This license package is licensed by the number of Developers that will be using or working with the Software. The following types of Developer License packages are available:

(1). Single Developer License

The Single Developer License ("1DL") allows royalty-free distribution and use of the Software internally (in the same Organization) and externally (outside the Organization) for a single Developer and up to 25,000 user licenses according to

Effective Users, provided Licensee adheres to the Developer License Distribution Terms.

(2). Four Developer License

The Four Developer License (“4DL”) allows royalty-free distribution and use of the Software internally (in the same Organization) and externally (outside the Organization) for up to four Developers and up to 100,000 user licenses according to Effective Users, provided Licensee adheres to the Developer License Distribution Terms. This license is also granted if four 1DLs are purchased.

(3). Ten Developer License

The Ten Developer License (“10DL”) allows royalty-free distribution and use of the Software internally (in the same Organization) and externally (outside the Organization) for up to ten Developers and up to 250,000 user licenses according to Effective Users, provided Licensee adheres to the Developer License Distribution Terms. This license is also granted if ten 1DLs are purchased.

(4). Enterprise Developer License

Enterprise Developer License (“EDL”) allows royalty-free distribution and use of the Software internally (in the same organization) for an unlimited number of Developers and up to 1,000 user licenses according to Effective Users, provided Licensee adheres to the Developer License Distribution Terms.

(5). Unlimited Developer License

The Unlimited Developer License (“UDL”) allows complete royalty-free distribution and use of the Software internally (in the same Organization) and externally (outside the Organization) for an unlimited number of developers, servers and other user licenses, provided Licensee adheres to the Developer License Distribution Terms.

ANY OTHER USE REQUIRES A PURCHASE FOR THE ASSOCIATED PRODUCT LICENSE, AFTER A PERIOD OF 30 DAYS, WHICH IS GRANTED TO LICENSEE FOR EVALUATION PURPOSES ONLY.

B. Evaluation License

Software that is distributed as shareware or a demo version may only be used for testing and evaluation purposes only for a period of 30 days, after which you must purchase a license.

C. Beta License

Software that is distributed as a beta version may be used during the beta testing period and up to 30 days after the official release is available, after which you must purchase a license.

D. Community Edition License

Community Edition License (CEL), restricted to the Universal Product Code and European Article Number decoders, allows complete royalty-free distribution and use of the Software internally (in the same Organization) and externally (outside the Organization) for an unlimited number of developers, servers and other users, provided a valid copyright notice is included within the user documentation, start-up screen or in the “help-about” section of Licensee’s Application that specifies Cognex as the provider of the Software bundled with its application, for example: “<<your application name>> contains barcode components Powered by Cognex Corporation These products may only be used as part of and in connection with <<your application name>>.”

E. Developer License Distribution Terms

As used in this section, the term User Licenses shall mean the number of Users that the specific License package Licensee has purchased allows according to the definition of Effective Users. The Developer License allows 25,000 Effective Users. The 4 Developer License allows 100,000 Effective Users. The 10 Developer License allows 250,000 Effective Users. The Enterprise Developer License allows 1,000 Effective Users. The Unlimited Developer License allows an unlimited number of Effective Users.

(a). Internal Distribution:

Allows use of the Software in Licensee’s Organization, provided Licensee does not exceed its User Licenses and Licensee adheres to the following terms:

- (1) If distribution of Licensee’s application exceeds its User Licenses, additional Developer Licenses are required; each Developer License purchased will allow distribution of an additional 25,000 Effective Users. Royalty-free, unlimited distribution is granted after purchasing fifteen Developer Licenses or the Unlimited Developer License.
- (2) If more than one Developer is developing with the Software, an additional Developer License is required. Up to 4 Developers may use or develop with the Software after purchasing three additional Developer License or the 4 Developer License. Up to 10 Developers may use or develop with the Software after purchasing nine additional Developer Licenses or the 10 Developer License. Unlimited Developer use is granted after purchasing twenty-five Developer Licenses, the Enterprise Developer License or the Unlimited Developer License.
- (3) The Software may be used on any number of Servers, provided that the number of users accessing all of the servers does not exceed Licensee’s User Licenses.

(b). External Distribution:

Allows Licensee to rent, lease or distribute the Software outside its Organization solely as bundled with a Licensee Application, provided Licensee does not exceed its User Licenses and Licensee adheres to the following terms:

- (1) If more than one Developer is developing with the Software, an additional Developer License is required. Up to 4 developers may develop with the Software after purchasing an additional three Developer Licenses or the 4 Developer

License. Up to 10 Developers may develop with the Software after purchasing an additional nine Developer Licenses or the 10 Developer License. Unlimited Developer use is granted after purchasing twenty-five Developer Licenses, the Enterprise Developer License or the Unlimited Developer License.

(2) Licensee may not resell, rent, lease or distribute the Software alone. The Software must be distributed as a component of an application and bundled with a Licensee Application or with the Licensee Application's installation files. The Software may only be used as part of, and in connection with, the bundled Licensee Application. If the Unlimited Developer License is purchased, Licensee may embed the Software into Licensee's firmware, provided a copyright notice is added in the firmware or documentation as detailed in subsection (5) of this section.

(3) Licensee may not resell, rent, lease, distribute or otherwise use the Software for the License that was purchased, in any way that would compete with Cognex. If it is determined by Cognex or Licensee that Licensee's distribution or use of the Software competes with Cognex, a reasonable royalty fee for Licensee's distribution or use of the Software must be negotiated and agreed to by Licensee and Cognex and paid to Cognex each quarter or another agreed upon interval of time, failing which Cognex may terminate this Agreement by written notice to Licensee.

(4) If Licensee uses the Software internally within its Organization, Licensee shall deduct the quantity of its User Licenses used within its Organization from the total number of its User Licenses that are distributed outside its Organization. For example, if Licensee has a One Developer License and uses 16,000 User Licenses internally, it may only distribute up to 9,000 User Licenses outside its Organization.

(5) A valid copyright notice must be provided within the user documentation, start-up screen or in the "help-about" section of Licensee's Application that specifies Cognex as the provider of the Software bundled with its application, for example: "<<your application name>> contains barcode components Powered by Cognex Corporation These products may only be used as part of and in connection with <<your application name>>."

(6) Licensee's User Licenses are counted by the number of users the Licensee Application is licensed for, with the exception that if its product is licensed for more than 500 users per copy, only 500 licenses of the Developer License are used per copy distributed. For example, if Licensee distributes 1 application licensed for 25 users, then that distribution used 25 User Licenses. If Licensee distributes an application that is licensed to be used on a server or host system in such a way that 900 users use it, then that application only uses 500 of its User Licenses.

(7) Licensee must enter into an end user agreement with each User (a "User Agreement") that provides that Users may not create any derivative work of the Licensee Application, or decompile, reverse engineer or otherwise attempt to derive the source code, underlying ideas, algorithms, structure or organization of the Licensee Application, except to the extent required by applicable law.

Licensee's User Agreement must further provide that any warranty, indemnification or liability offered or provided by Licensee to its Users comes solely from Licensee, not from Cognex.

- F. No Right to Resell.** Cognex does not grant to Licensee, and Licensee does not have under this Agreement, any right to resell or distribute the Software to any third party on a standalone basis. Any such resale or distribution of the Software on a standalone basis requires a separate written reseller and/or distribution agreement, which separate written agreement Cognex may grant, condition or deny to Licensee in Cognex' sole discretion.

2. Registration

If Licensee purchases the License directly from Cognex, registration is automatic at the time of purchase. If Licensee purchases the License from an authorized reseller, Licensee must register the License by contacting sales@manateeworks.com before technical support or upgrades for the Software can be made available.

3. Ownership and Restrictions

By downloading, installing, using, or implementing this Software, Licensee acknowledges the validity and enforceability of Cognex's copyright in the underlying software and code comprising the Software. The Software and the accompanying materials are licensed, not sold, to Licensee. Cognex does not grant any implied licenses under this Agreement or otherwise, and Cognex reserves all rights not expressly granted to Licensee under this Agreement. Cognex retains all right, title and interest in and to the Software, including any derivative works based upon the Software, and all materials, concepts, inventions, works of authorship, ideas and information related to the Software. Licensee may not rent, lease, display, resell or distribute copies of the Software to others except as expressly set forth in, and subject to the conditions of, this Agreement. Unauthorized copying of the Software or accompanying materials even if modified, merged, or included with other software, or of the written materials, is expressly forbidden. Licensee may be held legally responsible for any infringement of intellectual property rights that is caused or encouraged by Licensee's failure to abide by the terms of this Agreement. Licensee may make copies of the Software as needed for development and use consistent with the terms and conditions of this Agreement, provided that the number of copies made does not exceed the number of users allowed by the License purchased, as set forth in this Agreement. Licensee may also make a reasonable, limited number of archival copies of the Software solely for backup and recovery purposes. In any case, when a copy is created, any copyright notices included in the Software must be reproduced in their entirety on the copy.

Neither the Licensee Application nor Licensee's use of the Software shall (i) be false, inaccurate or misleading; (ii) infringe on any third party's copyright, patent, trademark, trade secret or other intellectual property or proprietary rights; (iii) be offensive, defamatory, trade libelous, threatening or harassing; (iv) contain any viruses or other computer programming routines that may damage, detrimentally interfere with, surreptitiously intercept or expropriate any system or data; or (v) otherwise create any liability for Cognex.

All Software Authentication Files, user names and passwords are the property of Cognex, and may be revoked by Cognex if Licensee shares them with a third party (except as expressly authorized under this

Agreement), if they are compromised, if Licensee breaches any term of this Agreement, of upon any termination of this Agreement. Licensee shall obfuscate the Software Authentication Files, user names and passwords to ensure that they are not accessible to, and cannot be decompiled by, any third party.

4. Agreement Duration and Termination

Subject to the terms and conditions of this Agreement, this Agreement begins when the Software is downloaded, installed, used or when a License for Software is purchased or granted and is perpetual unless terminated. This Agreement shall supersede all older versions of this Agreement including any older Agreements that may be embedded in the Software. Licensee may terminate this Agreement at any time by returning the Software to Cognex and destroying all copies thereof. This Agreement shall terminate immediately upon notice from Cognex if Licensee fails to comply with any provision contained herein or if the funds paid for the license are refunded or are not received, and such failure or breach is not cured within thirty (30) days of such notice. Upon termination, Licensee must destroy the Software and all copies (in part and in whole, including modified copies, if any) in its possession or control and remove the Software from all computers in Licensee's possession or control. Cognex reserves the right to terminate this Agreement if the use of Software by Licensee causes a loss of revenue for Cognex that exceeds ten (10) times the amount Licensee paid for the License. Termination of this Agreement shall not affect the Software bundled and distributed with a Licensee Application under the Developer License by Licensee prior to termination, provided Licensee has purchased a Developer License for the Software, the Licensee Application does not compete with Cognex in any way, and the applicable licensee fee for the Developer License was received in full by Cognex and not returned or refunded in any way. All restrictions prohibiting Licensee's use of the Software and intellectual property provisions relating to Software to the benefit of Cognex shall survive termination of this Agreement. Licensee's obligation to pay accrued charges and fees shall survive any termination of this Agreement.

5. Disclaimer of Warranty

ALTHOUGH EFFORTS HAVE BEEN MADE TO ASSURE THAT THE SOFTWARE IS DATE COMPLIANT, CORRECT, RELIABLE, TECHNICALLY ACCURATE AND WILL PERFORM IN ACCORDANCE WITH THE DOCUMENTATION, THE SOFTWARE IS LICENSED TO LICENSEE AS IS, WITH ALL FAULTS AND WITHOUT WARRANTIES OF ANY KIND., COGNEX DISCLAIMS ALL WARRANTIES AND CONDITIONS WITH RESPECT TO THE SOFTWARE, WHETHER EXPRESSED, IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES AND/OR CONDITIONS OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR USE, OF SATISFACTORY QUALITY, OF ACCURACY, OF QUIET ENJOYMENT, AND NON-INFRINGEMENT OF THIRD PARTY RIGHTS. COGNEX DOES NOT WARRANT AGAINST INTERFERENCE WITH LICENSEE'S ENJOYMENT OF THE SOFTWARE, THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET LICENSEE'S REQUIREMENTS, THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT DEFECTS IN THE SOFTWARE OR SERVICES WILL BE CORRECTED. LICENSEE, ITS ORGANIZATION, AND ALL USERS OF THE SOFTWARE, ASSUME ALL RISKS WHEN USING THE SOFTWARE.

6. Limitation of Liability.

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL COGNEX BE LIABLE FOR PERSONAL INJURY OR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT, PUNITIVE OR SPECIAL DAMAGES WHATSOEVER UNDER THIS AGREEMENT, INCLUDING, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS, LOSS OF DATA, BUSINESS INTERRUPTION OR ANY OTHER COMMERCIAL DAMAGES OR LOSSES, ARISING OUT OF THE USE OF OR INABILITY TO USE THE SOFTWARE OR THE PROVISION OF OR FAILURE TO PROVIDE SUPPORT SERVICES OR HOSTED SERVICES, REGARDLESS OF THE THEORY OF LIABILITY (CONTRACT, TORT OR OTHERWISE) AND EVEN IF COGNEX HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN ANY CASE, COGNEX' ENTIRE LIABILITY UNDER ANY PROVISION OF THIS AGREEMENT SHALL BE LIMITED TO THE AMOUNT ACTUALLY PAID BY LICENSEE FOR THE LICENSE FOR THE SIX MONTHS IMMEDIATELY PRECEDING THE INCIDENT, OR \$10.00 USD IF NO LICENSE WAS PURCHASED. THE FOREGOING LIMITATIONS WILL APPLY EVEN IF THE ABOVE STATED REMEDY FAILS OF ITS ESSENTIAL PURPOSE.

IN NO EVENT SHALL COGNEX HAVE ANY LIABILITY WHATSOEVER RELATED IN CONNECTION WITH LICENSEE'S OR LICENSEE'S USERS' OR CUSTOMERS' USE OR MISUSE OF THE SOFTWARE THAT IS NOT EXPRESSLY PERMITTED UNDER THIS AGREEMENT.

7. Technical Support and Product Upgrades

Unless otherwise indicated in the documentation ("Documentation") of the Software, Cognex offers a free Priority Support and Product Upgrade Subscription for a period of ninety (90) days from the date of purchase on all licensed Software. When Licensee's Priority Support is active, Licensee may contact Cognex by email and through the Online Priority Support Request Form. Priority Support and Product Upgrades may be provided beyond ninety (90) days if the Priority Support and Upgrade Subscription is purchased. Support may be provided to the appropriate individual that (a) ordered the License; (b) is integrating the Software; (c) a Developer; or (d) the end user if each end user has a separate License for the Software. If one Developer License is purchased, technical support is provided for only one Developer. If the 4 Developer License is purchased, technical support is provided for up to 4 Developers. If the 10 Developer License is purchased, technical support is provided for up to 10 Developers. If the Unlimited Developer License is purchased, technical support is provided for an unlimited number of Developers. The Developers responsibilities may be transferred to another Developer within the Organization as necessary provided no more than 2 transfers occur within any ninety (90) day period. If Licensee's Priority Support and Product Upgrade Subscription expires, Licensee may obtain free technical support by referring to support documents at the website or by renewing the Priority Support and Product Upgrade Subscription. Whenever any Software update, upgrade, or revision is provided to Licensee or Licensee purchases an additional License, all related Software from Cognex (including any Software that was acquired previously) shall be covered by the latest version of the Agreement that exists at the time the most recent update was provided to Licensee.

8. Export Clause. Licensee agrees not to export or re-export the Software or any copy or adaptation except as authorized by United States law and the laws of the jurisdiction in which the Software was obtained. In particular, but without limitation, the Software may not be exported or re-exported (a) into any U.S. embargoed countries or (b) to anyone on the U.S. Treasury Department's list of Specially Designated Nationals or the U.S. Department of Commerce Denied Person's List or Entity List. By

using the Software, Licensee represents that it is not located in any such country or on any such list. Licensee also agrees that it will not use the Software for any purposes prohibited by United States law, including, but not limited to, the design, development, manufacture or production of missiles, or nuclear, chemical or biological weapons.

9. Indemnification. The Software is an infrastructure tool intended for use with properly licensed applications, media and content supplied by Licensee (the “Materials”). It is Licensee’s responsibility to ascertain whether any copyright, patent, trademark or other licenses are necessary and to obtain any such licenses to serve and/or create, compress or download such Materials. Licensee agrees to hold harmless, indemnify and defend Cognex, its officers, directors, members, managers and employees, from and against any losses, damages, fines and expenses (including attorneys’ fees and expenses at the trial and appellate levels) arising out of or relating to (i) any claims that Licensee has used any Materials (other than materials provided to Licensee by Cognex) in connection with the Software in violation of another party’s rights or in violation of any law, (ii) an alleged or actual breach of any representation or warranty set forth in this Agreement by Licensee; (iii) Licensee’s or its users or customers’ use of the Software that is not expressly permitted under this Agreement, or (iv) any breach by Licensee of this Agreement or the License.

10. Effect of Termination. Upon termination of this Agreement, your Authentication Files (if any) will be revoked automatically, all licenses granted hereunder will terminate automatically, and Licensee will pay all outstanding fees due to Cognex. Licensee must destroy the Software and all copies (in part and in whole, including modified copies, if any) in its possession or control and remove the Software from all computers in Licensee’s possession or control. The following provisions will survive termination of this Agreement: (i) any obligation of Licensee to pay for services rendered before termination; (ii) Sections 5, 6, 9, 10 and 13 of this Agreement; and (iii) any other provision of this Agreement that must survive termination to fulfill its essential purpose.

11. Assignment. Licensee may not assign all or part of this Agreement or any rights or obligations of Licensee under this Agreement without the prior written consent of Cognex. Any assignment of all or part of this Agreement or of any rights or obligations of Licensee under this Agreement without Cognex’ prior written consent is null and void *ab initio*. Cognex may assign any and all of its rights under this Agreement and delegate any and all of its duties under this Agreement to any third party without Licensee’s consent.

12. Software Audit. Cognex may audit Licensee’s use of the Software on 10 days’ advanced written notice. Licensee will cooperate with the audit, including by providing access to any books, computers, records, or other information that relate or may relate to use of the Software. Such audit will not unreasonably interfere with Licensee’s business activities. In the event that an audit reveals unauthorized use of the Software, Licensee will reimburse Cognex for the reasonable cost of the audit, in addition to such other rights and remedies as Cognex may have. Cognex will not conduct an audit more than once per calendar year during the term of this Agreement.

13. Miscellaneous.

This Agreement sets forth the entire understanding between Licensee and Cognex regarding its subject matter. Cognex may amend this Agreement at any time by posting the amended terms on Cognex’ website. Cognex’ right to modify this Agreement includes the right to modify, add to or remove terms in the Agreement. Except as stated otherwise in this Agreement or elsewhere in writing, all amended terms

shall automatically be effective thirty (30) days after they are initially posted to the Cognex' website. This Agreement may not otherwise be amended except in a writing signed by Cognex and Licensee. For purposes of this amendment provision, a "writing" does not include an email message and "signed" or a signature does not include an electronic signature. No distributor, dealer, agent, salesperson or other person is authorized to modify this Agreement or to make any warranty, representation or promise which is different than, or in addition to, the warranties, representations or promises in this Agreement. Terms and conditions in any purchase order which differ from, conflict with, or are not included in this Agreement, shall not become part of this Agreement unless specifically accepted by Cognex in writing. If any provision of this License Agreement is held to be unenforceable for any reason, such provision shall be reformed only to the extent necessary to make it enforceable, and such decision shall not affect the enforceability of such provision under other circumstances, or of the remaining provisions hereof under all circumstances. This Agreement will be governed by and interpreted in accordance with the laws of the Commonwealth of Massachusetts without regard to its conflicts of laws provisions and Licensee hereby consents to the exclusive jurisdiction of the state and federal courts sitting in the Commonwealth of Massachusetts. This Agreement will not be governed by the United Nations Convention of Contracts for the International Sale of Goods, the application of which is hereby expressly excluded.

No delay or failure to take action under these terms and conditions will constitute a waiver by Cognex unless expressly waived in writing by a duly authorized officer of Cognex.

The relationship between Cognex and Licensee under this Agreement is intended to be that of licensor and licensee. Nothing in this Agreement shall be construed to create any partnership, joint venture, employer-employee or agency relationship of any kind. Neither party has any authority under this Agreement to assume or create any obligations on behalf of or in the name of the other party or to bind the other party to any contract, agreement or undertaking any third party.

All License fee payments shall be made in U.S. dollars. Licensee shall be responsible for and shall pay, and shall reimburse Cognex upon request if Cognex is required to pay, any sales, use, VAT, consumption or other tax (excluding any tax based on Licensee's net income), assessment, duty, tariff, or other fee or charge of any kind that is levied or imposed by any governmental authority on the Software.
