iPhone: 6, 6s / 6+, 6s+

## CARE AND MAINTENANCE

We recommend keeping your host device and StingRay free of all debris and foreign particles to prevent any damage to either product. StingRay products will not damage your host device, however, debris and foreign particles that come between your StingRay product and device could cause damage. Prior to installing a Manatee Works StingRay product on your device, use a soft, lint-free cloth to clean your device at the surface area that interfaces with StingRay. The StingRay attachment mirrors can be cleaned using isopropyl alcohol and a soft, lint-free cloth.

## TROUBLESHOOTING

Otter Products, LLC, and its related persons and entities, is not responsible for the operation of this product or its compliance with safety and regulatory standards. This product has been designed for use with certain OtterBox branded products and has been certified by the manufacturer to meet OtterBox performance standards.

- 1) The StingRay alignment may shift if impacted. Confirm alignment to LED by comparing the placement on your device to the recommended positioning in the Quick Start Installation Guide.
- 2) Host device pictures taken with StingRay may experience some illumination issues due to the covering of the host device's Flash LED. It is recommended to remove the Manatee Works StingRay optical attachment when critical flash enhanced pictures are required.

## WARRANTY INFORMATION

Cognex Corporation ("Cognex") warrants product hardware of its manufacture, including all Manatee Works StingRay products, to be free from defects in material and workmanship and its product software to operate in accordance with its documentation for a period of twelve (12) months from the date of shipment. Products must be purchased from Cognex or from an authorized reseller to be eligible for and covered under this warranty. A sales receipt from Cognex or the original Manatee Works StingRay authorized reseller is required for warranty service. If a unit fails during the warranty period, the original Buyer (not other parties which may have physical possession of the product) shall notify Cognex and request a return authorization. The defective unit shall then be returned to Cognex's repair center by Buyer or its designate, freight prepaid, together with a failure report. It will either be repaired or replaced, at Cognex's option, and returned to Buyer or its designate, freight prepaid. Cognex is not responsible for providing a replacement unit during the repair period. The foregoing warranty shall not apply to defects resulting from (i) improper or inadequate maintenance by Buyer; (ii) Buyer-supplied equipment, hardware, software or interfacing; (iii) unauthorized modifications, misuse or accidents; (iv) operation outside of the environmental specifications of the Product; or (v) improper site preparation and maintenance. EXCEPT AS EXPRESSLY STATED HEREIN, ALL SOFTWARE IS PROVIDED "AS IS". THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.
